Let's sing to be happy, to feel things, to communicate, be heard  
We sing out to protest, and to project, and to harmonize with birds  
Whether it's your birthday, or your dying day  
It's a celebration too  
Rejoice to use your voice, and give wings to any your choice  
Whatever you're choosing right now, it's right well where you are  
You don't need a vacation when there's nothing to escape from

Set your vibration and undulation to the highest it can go  
And trust me, hear me  
If it makes you wanna sing  
Just sing it

La la la la  
Let's all sing  
La la la la  
Everything is sound  
La la la la  
Let's all sing  
La la  
Hallelujah
